

↑ SLING

16 mm

Durable sewn open sling for creating the anchor points and traditional protection.

DESCRIPTION

Light, strong and durable sling made of polyester.

It can be used to extend the belay point, slinging natural features and in other many situations.

For better gear management the lengths from 60 to 240 cm are color coded (only 80 cm and 240 cm lengths have the same blue color).

Suitable also for anchoring and connecting when working at heights.

KEY FEATURES

- light, strong and durable
- 16 mm width
